Subject: 3S Mask Exhalation Valve D5135912 (Design Change)

Dear MSA Customer,

Thank you for your trust and choice of MSA Safety products. Please note that the spare part PN D5135912 (3S, 3S-H Exhalation valve disc,PKG.of 10) will be delivered in a new design pattern as shown below. Fresh deliveries to you will be similar to the photo below (with caption 2022 Deliveries).

The new design was already tested and qualified by MSA. Due to supply chain bottlenecks we are not able to source the original pattern (Out of Stock) as shown in the photo above. Functionality of the new pattern design is similar to the 'old' out of stock pattern.

Kindest Regards,

M.Elagrab
